

Rosengrens Capella

Burglary and fire protection of your valuables

Rosengrens Capella are tested and certified cash safes with protection against burglary, robbery and fire. The safes are available in 7 different sizes in both standard and extra wide models. A large variety of interior fittings gives the possibility to provide storage exactly adapted to the requirements. You can store binders as well as cash tills and other insert trays in the wider models. All safes are available in two weight options, one heavy model for extra security alternatively one lighter model in order to minimize the floor load. Both models are prepared for anchoring to the floor.

Burglary and fire protection of your valuables

Product data

Model	External dimensions (mm)			Internal dimensions (mm)			Weight (kgs)**		Volume (lit)
	Height	Width	Depth*	Height	Width	Depth	Light	Heavy	
34	510	530	605	338	358	360	165	310	45
46	630	530	605	458	358	360	205	395	60
70	870	530	605	668	358	360	245	450	90
55W	720	670	665	548	498	420	275	525	115
85W	1020	670	665	848	498	420	350	670	180
100W	1210	670	775	1038	498	530	465	995	275
130W	1470	670	775	1298	498	530	550	1090	345

* Dimensions exclude 61 mm for handle. ** Weights without interior fittings and packing.

Burglary protection: Rosengrens Capella cash safes are tested to the European standard EN 1143-1 and certified by ECB-S for burglary protection in grade 0 and I.

Fire protection : The safes have also been tested and approved by SP in accordance with the Scandinavian norm NT Fire 017 60P. This means that paper documents stored in a Rosengrens Capella cash safe withstand a fire for 60 minutes.

Locks: You can choose between several locks: Rosengrens key lock RKL-10, with more than 90 million key variation possibilities, combination lock and electronic lock. Dual locking is an option for all models.

Boltwork: The 3-way boltwork is of solid construction with 4-10 bolts mounted in the different safe models for increased security. All bolts have a diameter of 32 mm.

Design: The design is functional and elegant with a light colour scheme and surface mounted hinges. Both models are prepared for anchoring to the floor.

Quality and environmental management systems: The Capella cash safes are manufactured in accordance with the ISO 9001 quality management system and the ISO 14001 environmental management system.

Rosengrens Product Guidelines: The construction of Capella has been tested and approved to the Rosengrens Product Guidelines which are based on all relevant European norms. The aim is to verify the user friendliness, safety and product lifetime, thereby assuring customers that our products live up to the highest expectations.

Interior fittings

All fittings are adjustable on each 27 mm
